## WHY DO WE VALUE CHAMBER MEMBERSHIP?

The Chamber has introduced us to many business owners and community members. They have also helped us give back to the community through our participation in Chamber sponsored events.

## WHAT OPPORTUNITIES DO WE TAKE ADVANTAGE OF?

Dr. Fagan and Dr. John Hallett have both been Chamber Ambassadors. We have hosted and participated in Business After Hours, attended Chamber Breakfasts and Harvest Fests, and have volunteered for events, such as: Street Dances, Yellow Brick Road Runs, parades, etc.

## HOW HAS THE CHAMBER ENHANCED OUR BUSINESS GROWTH?

Participation in the Chamber has increased our exposure to the community and provided many venues for showcasing our commitment to quality health care for pets and education for pet owners. As we have added services like ultrasound, endoscopy, and laparoscopic surgery, the Chamber has helped us share the availability of these services with Oconomowoc residents and business owners.
